## OBJECTIVE

A motivated IT student with expertise in programming languages (C++, Java, Python, SQL) and strong knowledge of web development, web design, Figma, Canva and MongoDB, Express.js, Node.js. Skilled in front-end and back-end development, optimizing websites, and enhancing user experience.

## SKILLS AND INTERESTS

- **Programming Languages:** C++, Java, Python
- **Web Technology:** HTML5, CSS3, JavaScript, NodeJS, ExpressJS, GSAP, ThreeJS, Bootstrap
- **Databases:** SQL (Relational Databases), MongoDB (NoSQL)
- **Tools & Platforms:** Canva, Figma, Microsoft Power BI, Excel, PowerPoint, Version Control with Git & GitHub

## EDUCATION

- **B.K. Birla College** (August 2023 – Present)  
Bachelor Of Science In Information Technology (**CGPA: 9.76/10**)
- **SMT. C.H.M College** (June 2021- April 2022)  
Higher Secondary Certificate (**Percentage: 72.33%**)
- **Sankalp Hindi High School** (June 2019- April 2020)  
Secondary School Certificate (**Percentage: 86%**)

## EXPERIENCE AND PROJECTS

**Personal AI Assistant (January 2025 – Present)** [Link: https://tinyurl.com/Personal-AI-Assistant](https://tinyurl.com/Personal-AI-Assistant)

- Developed a fully functional web-based AI assistant using HTML, CSS, and JavaScript, enabling users to perform tasks like opening YouTube or other actions based on voice or text commands. Leveraged analytical skills to optimize the user interface for seamless interaction and smooth execution of commands.

**Advanced AI ChatBot (December 2024 – January 2025)** [Link: https://tinyurl.com/Advanced-AI-ChatBot](https://tinyurl.com/Advanced-AI-ChatBot)

- Developed a chatbot using HTML, CSS, and JavaScript, integrated with Gemini AI API to deliver accurate and relevant responses to user queries. This project follows the computer science life cycle, enhancing user interaction with AI-driven replies for efficient communication.

**Personal Portfolio (June 2024 – July 2024)** [Link: https://tinyurl.com/Aniket-Gupta-Portfolio](https://tinyurl.com/Aniket-Gupta-Portfolio)

- Designed and developed a responsive personal portfolio using HTML, CSS, and JavaScript, showcasing expertise in front-end web development, web design, and web development. The portfolio includes interactive features to highlight programming skills, projects, and achievements, with the ability to edit and update regularly to reflect new skills and accomplishments.

**Netflix UI Clone (November 2024 - November 2024)**

- Recreated the Netflix interface using HTML, CSS, and JavaScript, focusing on responsive design and seamless user experience. The project features an interactive UI resembling the original platform, with a clean, optimized codebase for performance. It enhanced my front-end development and UI/UX design skills.

## CERTIFICATIONS & PUBLICATIONS

**Introduction to Artificial Intelligence and Ethics in the Age of Generative AI**

- Completed the "Artificial Intelligence for Business" course on LinkedIn Learning, gaining insights into AI, machine learning, and neural networks to enhance products and business decisions.

**design using AI tools**

- Completed a design project using AI tools as part of a course at B. K. Birla College (Autonomous), Kalyan, gaining hands-on experience in AI-assisted design, creative tool integration, and design automation.

## EXTRACURRICULAR ACTIVITIES AND ACHIEVEMENT

- Achieved **3rd rank** in the **Hackathon** organized by BK Birla College, showcasing strong problem-solving skills, innovative thinking, and technical expertise in a competitive environment. [Project Link](#)
- Organized and led a college-wide quiz competition with 50+ participants, demonstrating leadership, coordination, and problem-solving skills. Actively participated in collegiate programs, earning recognition in quiz competitions and treasure hunts. Received awards for teamwork and innovation, showcasing Professionalism, strong Collaboration Skills and communication skills.
